Dear Gig goer....

The autumn season of gigs at the Flowerpot is always a full on musical experience with a huge selection of the finest live music you could ever wish to see. In a space of 4 months you will be able to see bands of the highest calibre playing live blues, rock, roots, reggae and psychedelic music. Again we are able to welcome artistes who will be making their first ever appearance at the Flowerpot. The legendary Rutles are a band making their first appearance and a show which is eagerly awaited. Stacie Collins has built a solid reputation as one of the finest harmonica players around and she will be playing with her all American band in October. An incredible performer who will go down a storm with the blues/rock crowd. Red Butler release their new album this autumn and we are extremely pleased to be a part of their extensive UK tour to promote this. New to the venue but certainly not a new face to the many who have seen them play at major festivals around the country. Other new names to the venue include the legendary Badfinger and the equally legendary psychedelic prog rockers Soft Machine. These were a huge outfit in the early seventies, describes as "one of the more influential bands of their era, and certainly one of the most influential underground ones." Still featuring the brilliant John Etheridge on guitar. Many Pot favourites are back as well including show from Dr Feelgood, Wishbone Ash, Dreadzone, Big Country and the hugely popular Men They Couldn't Hang. One of the finest blues festival bands I've seen in the past couple of years has to be the Billy Walton Band who stop by in November. Yet another band with a new album due out this year, as is Steve Forbert who makes a return visit in October. The tribute bands at the Flowerpot continue to be massively popular and as ever, we are proud to present the cream of the crop in Tribes. All the favourites are at the venue over the Autumn season which includes a full to bursting couple of weeks at the end of the year for all the festive party folk. The Flowerpot itself has had a lick of paint with the outside and inside both having an impressive make-over. As always the Pot boasts one of the best selections of Real Ales to be had in the UK and along with the great gigs make it one helluva night out. The autumn season is always an exciting and vibrant time of the year and this year is no exception. As always, thanks for your incredible support - Enjoy the gigs.

CLOUDBUSTING

The KATE BUSH Experience

Formed in 2012, well before any suggestion that Kate was ever going to perform live again. Cloudbusting's mission was, and still is, to bring Kate Bush's music to the live stage.

Cloudbusting are 5 musicians from the South West UK, who are dedicated to performing the music of the incomparable KATE BUSH. We all know that there is only one Kate and no-one does it quite like her, so Cloudbusting does not try to impersonate Kate, nor try to copy dance moves and costumes from 1970s and 80s. Their "mission" is to perform the music as faithfully to the original as possible and bring Kate's songs to the live stage - some of which have never been heard played live before.

Cloudbusting's show now features interactive videos; some by their own videographer and some given to them by Kate fans across the world, and their aim is to transport to another place and time.

Solidifying the current lineup in

2008, the band boasts guitarist Jay Johnson (formerly of Blackfoot/Rossington Band), and Grand Ole Opry stalwart bassist Luke Bradshaw. This lineup has toured relentlessly; their first jaunt found them crossing three continents in 30 days on the strength of their debut CD "No Good Deed". Constant gigging has established them as "The band from the South to see" across Europe as well as at home in the States. Their latest album "Here For A Good Time" has been hailed as their best yet and is currently receiving rave reviews worldwide.

John first achieved notoriety with his eye-watering performance on Old Grey Whistle Test and subsequent hit single 'Really Free' in 1977. A heady mix of blind ambition and rank incompetence was to keep this microstar shining for almost two decades despite Otway's ability to turn any situation to his own disadvantage.

His autobiography 'Rock and Roll's Greatest Failure' out sold, by a factor of ten, all the records he had released since his hit, and now Otway is struggling to live up to this billing - selling out London Astoria for his 2000th gig in 1993, filling the Royal Albert Hall in 1998, and charting at number 9 with his 2002 single 'Bunsen Burner'. For John 'Two Hits' Otway, 'the future's bright; the future's Otway!'

DR FEELGOOD

Formed on Canvey Island in Essex in the early 1970s, **Dr. Feelgood** remains one of the most popular and exciting live rhythm and blues acts in the world. The raw and uncompromising style of their performance resulted in the album Stupidity that immediately went to the number one position in the U.K. charts.

Dr. Feelgood have also enjoyed global success with a string of hit singles including Milk and Alcohol, Roxette, Back in the Night, Down at the Doctors, She Does it Right, Going Back Home and See You Later Alligator - which gave the group their first gold record. The current line up features the rhythm section Kevin Morris on drums and Phil Mitchell on bass, both 29 years in the band and Steve Walwyn on guitar who has been with the band for 23 years. Vocalist Robert Kane (formerly of the Animals) is the most recent addition – joining in 1999 after the tragic death of Lee Brilleaux. The band continues to tour throughout the World and enjoy a loyal following at home...

FLASH - The very best of QUEEN; has been created and is performed with love and admiration for the late great Freddie Mercury and the musical legacy of Queen. A desire in each member to replicate what made queen so special and to bring back some of the live magic that made Queen the international super-group it is today.

Soon to enter their 46th year, Queen have amassed a huge back catalogue of hit records, there's just so many to chose from and it's hard work constructing a show that captures Queen's creative history in such a short amount of stage time but we guarantee the show to be a none stop jukebox of the very best of Queen, hit after hit, anthem after anthem, with audience participation at a high from the very start.

All FLASH band members have been creatively and technically inspired by Queen, each taking satisfaction and pride in producing this ultimate tribute to Queen each playing replica equipment adding that little extra sound characteristic and all performed in authentic costumes making it a show to remember.

most famous band of the 1970s, The Spiders from Mars, and asked by them if he'd front the band and tour with them. John remains to this day one of only a few tribute artists to tour and perform with an original artist's band. He's certainly the Starman, so enjoy the Golden Years, and Let's Dance!

FLEETWOOD BAC

THE FLEETWOOD MAC TRIBUTE SHOW

FLEETWOOD BAC are the world's first and best Fleetwood Mac Tribute Band, endorsed by Mick Fleetwood himself, and raved about by Peter Green's biographer, the only Mac tribute band to authentically replicate the classic Stevie/Lindsey/Christine/John/Mick 'Rumours' line-up.

The Fleetwood Bac show focuses on the 'Rumours' era of the band (still the 5th biggest-selling album of all time). It also features several songs from the Peter Green days, plus some of Stevie's biggest solo hits, in a full on 2-hour show, including costume-changes and an acoustic section.

Monday 26th December

Guitarist John Campbell bears more than just a passing resemblance and has drawn on his many years of playing in different bands and various styles to perfect his 'Hendrix' persona. When he plays his strat behind his head and with his teeth, it brings a smile to the face of even the most finicky Hendrix fan.

With his unique visual playing style, bass guitarist Mark Arnold has also played in various bands over the years and provides a solid foundation as one half of the rhythm section. Drummer and backing vocalist Kevin O'Grady, completes the line up. Anyone who has caught the act will surely agree that Kevin puts nothing less than 100% into his powerhouse drumming style.

The band are proud to be playing the timeless music of JIMI HENDRIX, providing some nostalgic moments for those lucky people who actually witnessed Jimi in the flesh and recreating some of the magic for a new and eager audience.

This authentic tribute show covers the spectrum of Bolan's career from the early hippie days of Tyrannosaurus Rex to the chart topping smash hits of T-Rex.

the RATTLEERS

Derby's premier folk/rock band producing their own blend of high octane Celtic roots rock

Founder members Alan Woolley and John Adams started writing the early material and produced a 3 track EP called "Turkey's Wattle". Soon after this the line up changed slightly and remains the same to this day. After several high profile festival appearances and club appearances throughout the UK, the band were signed to Pagan Media Records and they released their first full album "Pleasures In Misadventure" in 1995. The follow up album "Weightless" was released two years later in 1997 and both albums received acclaim in the music press. The band did stop gigging in early 2000s but demand for the band never diminished and due to popular demand an acoustic gig heralded their return in October 2015 with a sell out gig at the Flowerpot which featured Alan Woolley, John Adams and Sarah Matthews.

The Rollin' Stoned

With a **Rollin' Stoned** show, the costumes are shamelessly camp, gaudy and fab, the instruments genuinely vintage and the wit irreverent. What clearly comes across to audiences seeing the band at work is the passion they all have for the music of what is "The Greatest Rock'n'Roll Band" the world has seen.

A typical two hour show will see all the classic crowd pleasing hits, spiced with enough eclectic selections from the deeper recesses of Stones' album archives to satisfy even the most demanding of "buffs". An awesome representation for those who remember them, and for those who missed the originals, a chance to see what all the fuss was about!

Friday 30th December
